In addition, it is strictly forbidden to use any software in a way that has a significant negative effect on the performance of the Company's servers and prevents the Company from providing the best possible service to the clients with regards to the order execution.

1.2 It is understood that in relation to individual transactions, depending on the type of Client Account held by each Client, the Company will either be executing Orders as a counterparty in the particular transaction in which case the Company will be the execution venue or it will be transmitting the Orders for execution to a third party (known as Straight Through Processing, STP), in which case the Company will not be acting as a counterparty in the transaction and the execution venue will be a third party.

1.5 The Client acknowledges and agrees that the Company has the right, unilaterally and with immediate effect, to suspend or terminate (at any time, with or without cause or prior notice) all or any part of any Services, or the access to any Service, to change the nature, composition or availability of any Service, to impose trade exposure limitations or to change the limits set on the trading conducted by the Client through any trading platform on any / all Accounts.

- E. It is impossible to proceed with an Order due to its size or price, or the proposed Transaction is of such a size (too small or too large), that the Company does not wish to accept that Order, or the Company believes that it will not be able to hedge the proposed Transaction in the Underlying Market, or it is impossible for the Order to be executed due to the conditions of the relevant Underlying Market;

3.2 Client shall maintain, without notice or demand by the Company, sufficient equity in Client's account at all times to continuously meet Margin Requirements. The Client must at all times satisfy the Margin Requirements calculated by the Company. It is the Client's responsibility to ensure that he/she understands how Margin is calculated.

3.3 The Company, subject to Applicable Regulations, will be entitled to increase or decrease the Margin requirements for any or all clients for any open or new positions at any time, in the Company's sole discretion without prior notice. Any increase in Margin Requirements will be due and payable immediately on the Company's demand. The Company will only increase or decrease Margin requirements where the Company reasonably considers it necessary or desirable, for example but without limitation, in response to or in anticipation of any of the following:

3.4 Lower Margin requirements for a specific Financial Instrument apply to all positions opened for this Financial Instrument.

3.5 The Company reserves the right to increase or decrease the size of Margin requirements, before the close and/or after the open of the market, around trading breaks, weekends and holidays. Information about the time frames during which increased Margin requirements are in effect is published in the Client's Personal Area, and/or Client's Terminal and/or on the Company's Website.

3.6 Increasing the amount of hedging in trading accounts (and for the Underlying Assets that are subject to Hedged Margin) will result in a reduction of Margin requirements for new hedging orders.

3.7 Reducing the amount of hedging in trading accounts (and for the Underlying Assets that are subject to Hedged Margin) is treated as opening a new position and will result in a proportional (based on the amount) change in Margin requirements on previously opened positions for the corresponding financial instrument.

3.8 The Margin requirements applicable to the different CFDs can be found in the Contract Specifications section on the Website at <https://www.exness.com/contractspecifications/>. If at any time the Equity falls below a certain percentage of the Necessary Margin, specified in the Contract Specifications section on the Website, the Company has the right to close any, or all of the Client's Open Positions without the Client's consent or any prior Written Notice to him. In order to determine if the Client has breached this paragraph, any sums referred to therein which are not denominated in the Currency of the Client Account shall be treated as if they were denominated in the Currency of the Client Account by converting them into the Currency of the Client Account, at reasonable exchange rates as the Company will select, having regards to the prevailing market rates.

3.9 If a Margin Call notification is sent to the Client Terminal, the Client will not be able to open any new positions, except where permitted by the Company, hedging position(s) to reduce margin. If the Client fails to meet the Margin Call, his Open Positions are closed starting from the most unprofitable.

3.11 Margin must be paid in monetary funds in the Currency of the Client Account.

3.12 The Company at its absolute discretion, at any time with or without prior Written Notice, may increase the Stop Out level or change the required Margin of a Trading Account, and may forcibly close any Client's open positions or Stop Out their positions or the whole trading account if Margin Level falls below 100%.

4. Trailing Stop, Expert Advisor and Stop Loss Orders

4.1 The Client agrees that trading operations using additional functions of the Client Trading Terminal such as Trailing Stop and/or Expert Advisor and/or any other automated processes are executed completely under the Client's responsibility, as they depend directly on his trading terminal and the Company bears no responsibility whatsoever. The Company reserves the right to accept or reject at its own discretion the use of additional functions of the Client Trading Terminal and in case these additional functions affect the reliability and/or smooth operation and/or the stability of the Company's Trading Platform to immediately terminate by way of written notice the relationship with the Client and/or take any actions deemed appropriate.

4.2 The Client agrees that placing a Stop Loss Order will not necessarily limit losses to the intended amounts, because market conditions may make it impossible to execute such an Order at the stipulated price and the Company bears no responsibility whatsoever.

5. Trade Confirmations and Reporting

5.1 The Company will provide the Client with online access to his Client Account via the Trading Platform, which will provide him with sufficient information, including information on Order(s) status, Client Account status, Balance in the Client Account and trade confirmations in respect of each executed Order.

5.2 Trade confirmations will be available on the Trading Platform prior to the close of the back office on the Business Day following the day on which the order is executed.

5.3 If the Client has a reason to believe that the confirmation is inconsistent or if the Client does not receive any confirmation (though the Transaction was made), the Client shall contact the Company. Trade confirmations shall, in the absence of manifest error, be deemed conclusive unless the Client notifies the Company in writing to the contrary within two (2) Business Days following the day of receipt of the said trade confirmation.

Part E: CFD Trading Terms

1. CFD Order Execution

1.1 Orders can be placed, executed and (if allowed) changed or removed within the trading hours for each CFD appearing on the Company's Website, as amended by the Company from time to time and if they are not executed they shall remain effective through the next trading session (as applicable). All open spot positions will be rolled over to the next Business Day at the close of business in the relevant Underlying Market, subject to the Company's rights to close the open spot position. Any open forward positions will be rolled over at the expiry of the relevant period into the next relevant period subject to the Company's rights to close the open forward position.

1.2 The Company shall not be obliged to arrange for the execution of the Client's Orders in respect of any CFD out of normal trading hours which appear on the Company's Website.

1.3 Orders shall be valid in accordance with the type and time of the given Order, as specified by the Client. If the time of validity of the order is not specified, it shall be valid for an indefinite period. However, the Company may delete one or all Pending Orders if the Client Account Equity reaches zero and/or for any other justifiable reason.

1.5 The Client may change the expiration date of Pending Orders.

2. Quotes

2.1 The Company provides Quotes by taking into account the Underlying Asset price, but this does not mean that these Quotes are within any specific percentage of the Underlying Asset price. When the relevant Underlying Market is closed, the Quotes provided by the Company will reflect what the Company thinks to be the current Bid and Ask price of the relevant Underlying Asset at that time. The Client acknowledges that such Quotes will be set by the Company at its absolute discretion.

2.2 It is hereby acknowledged and understood that any Quotes displayed on the Trading Platform and/or Client's Terminal are considered indicative at the time of display and may not be up-to-date with the real-time pricing, owing to various factors beyond the Company's control, including but not limited to, technical conditions such as the transfer rate of data networks, the quality of internet connection which affects the time it takes for the price to reach Trading Platform and/or Client's Terminal after it leaves Company's servers, and rapid market fluctuations. Despite Company's efforts to promptly update all Quotes in the Trading Platform and/or Client's Terminal for real-time accuracy, these factors, and any other factor beyond the Company's control, may lead to the Trading Platform and/or Client's Terminal showing a stale Quote, and due to this, slippage may also be observed.

2.3 In the event that the Company is unable to proceed with the execution of an Order, with regard to its price or size or for any other reason, the Company may send a re-quote to the Client with the price it is willing to deal.

2.4 The Company will delete Error Quotes (Spikes) from the Trading Server's Quotes Base.

2.5 The Company has the right not to provide Quotes and not execute Orders in case when the price of Underlying Asset becomes negative.

2.6 It is acknowledged that whilst the Quotes displayed on Trading Platform and/or Client's Terminal take into account a variety of factors including market data from various third party external reference sources, they are not taken directly and/or exclusively from one source, and therefore such Quotes may not match Quotes that Client sees elsewhere (including the Quotes of other third trading entities). It is also acknowledged that all prices shown on the Trading Platform and/or Client Terminal are indicative and are subject to constant changes.

3. Leverage

3.1 The Company has the right to change the Client Account leverage (higher or lower) without prior notice according to the conditions described on the Website of the Company at www.exness.com/leverage.

3.2 An automatic change in Leverage pursuant to the rules established by the Company, as well as a change in Leverage made by the Client through his/her Personal Area will result in a recalculation of the Margin requirements for all of the Client's positions.

3.3 The Company has the right:

- A. To set the leverage on the Client's trading account at no more than 1:200, 3 (three) hours before market closing before weekends and holidays, if the trading account's current leverage exceeds 1:200. This change will affect the transactions to be opened within the aforementioned time period of 3 (three) hours.
- B. To limit the size of the offered leverage and/or to increase the size of Margin requirements before macroeconomic events and/or news capable of significantly affecting the prices of financial instruments.

3.4 The information about leverage changing is in the Personal Area. If the information on the Website contradicts information in the Personal Area, the priority is information in the Personal Area.
